Sir,

Referring to your No. 5672 Sanitary 103-14-2 dated 21st January 1915 calling for the opinion of the Malnad Improvement Committee on the question of the improvement of deserted villages in the Shimoga Taluk, I have the honor to state that this subject was taken up for discussion at the last meeting of the Committee held on the 29th January 1915, along with the general question of extending the improvement operations of the Committee to portions of the Taluks of Channagiri, Honnali and Shimoga.

There are some portions in these taluks where the prevailing conditions are the same as in the Malnad. Not only are they jungly tracts but are also highly malarial and either adjoin Malnad portions or lie between Malnad area. People consequently are generally unhealthy and there is no increase in population. Except the fact that they are included in the Maidan Taluks, in other respects they are malnad in every way. Ubrani Hobli at one time formed part of Tarikere Taluk and some of the villages now forming Honnali Taluk once belonged to Shikaripur Taluk. The Revenue Officers who know these tracts well, recommend them to be brought under the Malnad area and the Committee have also approved of the proposal.

During the Dewan Sahib's recent visit, a representation was made by the leading men of these localities for the inclusion of the portions under reference in the Malnad Improvement Scheme.
